EXPERIENCE

❖ **Freelance Developer | Speroh Labs Private Limited, New Delhi** *(Aug'23 - Oct'23)*
- Spearheaded the development of an interactive dashboard using Next.js, incorporating Shadcn UI for a modern interface. This led to a 25% increase in user engagement and streamlined client data visualization.

❖ **App developer Intern | Techquench, New Delhi** *(April'23 - June'23)*
- Collaborated with senior developers to write clean and efficient code, resulting in a 20% increase in app performance and a 15% reduction in load times, significantly enhancing user experience and customer satisfaction.
- Implemented React Native, reducing development time by 30% and enhancing app scalability, which contributed to a faster rollout of new features and updates.

❖ **App developer Intern | Terado, Mumbai** *(Aug'22 - Oct'22)*
- Streamlined project workflow, ensuring high-quality app delivery on time. Integrated REST API and GraphQL in the front end, resulting in a 20% improvement in app responsiveness and user satisfaction.

❖ **Web developer Intern | Techefect, Assam** *(Jan'22 - Mar'22)*
- Played a key role in a team that implemented new website features, leading to a 30% improvement in website effect and reducing bounce rates.

ACHIEVEMENTS

❖ **Runner-up in CSI In-App International Student Projects Awards 2023,** out of 600+ teams and 3000+ participants competing in a 7 month long multi-stage project competition, in association with A.P.J. Abdul Kalam Technological University.

❖ **Winner at KJSIT-IET-INTECH 2023,** organized by K.J. Somaiya Institute of Technology, Sion in association with The Institution of Engineering and Technology, Mumbai local Network.

EDUCATION

❖ **Artificial Intelligence and Data Science** | K.J. Somaiya Institute of Technology, Mumbai *CGPA: 9.13 | (Feb'21 - Currently)*

❖ **XII (RBSE)** | Shiv Jyoti Sr. Sec. School, Kota *81.80% | 2020*

PROJECTS

❖ **KalMiFyn - Voice based chatbot for improving mental health**
Python | Tensorflow | NumPy | Pandas | React Native
- An app designed to provide a platform for individuals to express their feelings and engage in conversations, ultimately promoting mental well-being.
- It offers a unique chatbot feature that enables users to discuss anything on their mind, seek companionship, and can receive support.

❖ **Bus Schedule App - Origin Destination Based**
Firebase | React Native
- A comprehensive application that provides the schedules of private and city buses.
- Allowing users to easily search and plan their journeys based on the origin and destination, ensuring efficient and convenient travel options.

TECHNICAL SKILLS

❖ **Programming Skills:** Java, C++, Python, JavaScript
❖ **Framework & Libraries:** React Native, Firebase, MongoDB, Node, React
❖ **Other Tools:** NumPy, Pandas

EXTRACURRICULAR ACTIVITIES

❖ **Executive Member** at **Infinite Loop** which is a committee that encourages students for competitive coding, helps them in learning and arrange coding contests for them. *(June'21 – Sep'22)*

❖ Started and successfully managed a **YouTube channel** focused on fashion, aiming to overcome fear of public speaking and further develop my hobby. *(Sep'22 - Currently)*
